

AI tutoring by *Khanmigo* provides **one-on-one support** to help students master skills not fully grasped during class.

AI is *not* a substitute for teachers, it handles routine tasks so that teachers can focus on creative, impactful teaching.

AI acts as the equivalent of at least two teacher aides.

ADE has allocated **\$1.5 million** to provide the first **100,000 teachers and students** with free access to *Khanmigo*.

Subscriptions available after that, for a modest fee. Schools that sign up by **February 28, 2025**, will receive *Khanmigo* for the 2025–2026 school year at no additional cost.

Encourage your schools to take this crucial step in supporting teachers and improving student outcomes!
